WORK EXPERIENCE

• **Twwios Tech Pvt Ltd, Pune**—Frontend-Focused

Nov 2025 - till now.

- Developing and maintaining frontend features for a pre-owned car selling platform using React and [Next.js](#)
- Building reusable components and responsive layouts
- Collaborating with backend and product teams to deliver features
- Implementing responsive layouts using Tailwind CSS for mobile, tablet, and desktop views
- Following clean code practices and version control using Git and GitHub

• **Vande Digital, Bengaluru**—Wordpress Developer

Oct 2024 - Nov 2025

- Built and customized WordPress websites using themes and plugins
- Ensured mobile responsiveness and cross-browser compatibility
- Supported basic digital campaigns and website content updates

• **Kreativo Pro, Jodhpur**—WordPress Developer

Dec 2022 - July 2024

- Managed client communication and requirement gathering
- Provided ongoing website support and issue resolution
- Coordinated with designers and developers to deliver projects on time

PROJECTS

- **Portfolio Website**—My own portfolio website

[Live Demo ↗](#)

[GitHub Source ↗](#)

- Developed a personal portfolio website using Next.js and MongoDB.
- Designed a clean, mobile-responsive UI to showcase projects and skills effectively.
- Implemented GitHub OAuth with NextAuth for the admin panel.
- Implemented Cloudinary to handle and store images.
- Created and Implemented REST API Within Next.js and MongoDB

- **Ramdevraa**—A platform for the Ramdevra visitor (still *working*)

[Live Demo ↗](#)

- Developing a tourism and pilgrimage platform for Ramdevra visitors using [Next.js](#).
- Using Nest JS to create REST APIs and a backend.
- Implemented mobile-responsive layouts for a consistent cross-device experience.
- Creating SEO-friendly pages to improve local search visibility.
- Planning feature integrations for hotel listings, local services, and visitor information

— These are personal projects, developed independently and not associated with any employer.

Education

2021 - 2024

Bachelor of Computer Applications—Jai Narain Vyas University, Jodhpur, Rajasthan.

I completed my bachelor's degree in computer applications with a focus on computer science fundamentals and web development.

2018 - 2021

Twelfth grade (12th) & Tenth grade (10th)—Govt. Sen. Sec. School, Ramdevra, Rajasthan.
